Holistic Energy Medicine Healer & Teacher & former Medical
Physicist of Montreal, Quebec

Over the last three decades Dr. Behman has explored energy healing & has created an Holistic Cranio-Sacral therapy technique, by including the emotional, mental & spiritual aspects of trauma healing. More expanded than that of the Upledger Institute's technique.

SATURDAY MORNING SESSION FROM 9:30 AM TO 12 NOON

Discussion about the significance of the year 2012 – the day when the Mayan calendar says the world, as we know it, will end. How will this affect us?

What might we do to prepare for this time? How does one deal with the fear that some people are expressing due to this date? Is there a way to live in tranquility as this auspicious date approaches?

SATURDAY AFTERNOON SESSION FROM 1:00 TO 3:30 PM

This session will begin with a brief discussion of energetic healing. Then Dr. Behman will use one volunteer to illustrate how he uses his version of cranio-sacral to help the person release trauma from some past situation. The afternoon will end with a sound healing meditation, featuring Tibetan bowls.
